

**Amendment # 1
to the Sulphur River Basin Authority
Clean Rivers Program FY 2010 QAPP**

**Prepared by the Sulphur River Basin Authority
In Cooperation with the
Texas Commission on Environmental Quality (TCEQ)**

Questions concerning this QAPP should be directed to:

**Nancy Rose
Sulphur River Basin Authority
911 N Bishop Street
Wake Village, Texas 75501
Phone # 903-223-7887
FAX # 903-223-7988
e-mail nrsrba@cableone.net**

Effective: October 8, 2009

Justification: This document details the changes made to the basin-wide Quality Assurance Project Plan to update Appendix B for fiscal year 2010.

Summary of Changes:

The following information in Appendix B is amended to reflect changes to:

- Sample Design Rationale FY 2010
- Monitoring Sites Table updated to include Rice Creek systematic site # 15947.
- Map including the Rice Creek systematic site # 15947

Detail of Changes:

Sample Design Rationale FY 2010: The site on Rice Creek (15947) was not included in the FY 2010 schedule. The site was scheduled for two monitoring events in fall and spring of FY 2009. The fall and spring monitoring events at Rice Creek for FY 2009 were carried out at the wrong site and are being flagged. The stream is important to our steering committee and the two additional monitoring events during FY 2010 will complete a full year's study.

Monitoring Sites Table: The attached Table B1.1 is added as Attachment # 1 and reflects the monitoring for FY 2010 including Rice Creek.

Maps: The attached map, Attachment # 2, is added to Appendix B to reflect the addition of the Rice Creek site for the FY 2010 systematic monitoring schedule.

These changes will be incorporated into the QAPP document and TCEQ and the Sulphur River Basin Authority will acknowledge and accept these changes by signing this amendment.

The Sulphur River Basin Authority will secure written documentation from each project participant (e.g., subcontractors, other units of government, laboratories) stating the organization's awareness of and commitment to requirements contained in this quality assurance project plan amendment. The Sulphur River Basin Authority will maintain this documentation as part of the project's quality assurance records, and will ensure the documentation is available for review.

Attachment # 1

Appendix B Sampling Process Design and Monitoring Schedule (plan)

Monitoring Sites for FY 2010

The sample design for surface water quality monitoring is shown in Table B1.1 below **Table B1.1**

Sample Design and Schedule, FY 2010
